

JANUSZ KORCZAK ASSOCIATION OF THE USA

invites you to support our Association

Janusz Korczak (1878/9-1942), a Polish-Jewish pediatrician, children's writer, educator, father of progressive orphanages and children's rights, is well known all over the world and yet most Americans have never heard of him. The purpose of the Janusz Korczak Association of the USA is to disseminate information about his life and work, his humanism and his sacrifice. Through our practical work with children, we strive to follow the Fundamental Rights of the Child. For example:

- 1. The Right to One's Own Life** – we help educators and parents to create a safe environment for children to discover things on their own while allowing sufficient space, literally and spiritually.
- 2. The Right to Live in the Present** – We want to prepare children for the future but children yearn to live in the here and now – therefore we support their need for play and relaxation.
- 3. The Right to Be Himself or Herself** – We ask to accept children the way they are, with their talents and shortcomings.

With your help, we strive to bring Korczak's most important pedagogical writings to educators and parents, provide advanced courses for teachers based on his educational philosophy, establish Korczak's camp in the US, and support the US ratification of the 1989 United Nations Convention on the Rights of the Child – United States is the sole country in the world that did not ratify it.

Please let us know if you would like to receive information on how you can help with the following activities:

- Children's Project based on Korczak's books and his legacy
- Korczak Exhibit and lectures for parents and children
- Korczak-inspired educational conference at the Seattle Pacific University in August 2018
- Workshops and lectures for parents and educators on Korczak's pedagogy
- Five Star Program® training for your school or organization
